2 Hence the work has been executed already & the question for decision now is how is the cost to be met. The Mysore City Municipality expressed their inability to bear the charge at their meeting of the 27th Sept. 1913 At a meeting held on an earlier date viz 24th Sept the Board of Trustees resolved to the effect "that the estimate be approved and submitted to Govt for sanction". Relying on this Resn the Chairman recommends that the cost may be met from the Trust Rd funds by reappropriation

3 The work under reference does not form part of the Comprehensive programme of improvement works sanctioned in G.O. dated the 21st March 1912 Besides, it is a work intended more for beautifying the City &c, it does not seem to fall within the legitimate operations of the Trust Board

Cur & rel 50-13
A 13

Public Works Secretary's Note No.D.289 dated the 7th August 1913 to the Dewan of Mysore.

Dewan's order dated 9th August 1'

The works may be or'ered to be put in hand but the allocation of the charges seems to require further consideration

Submitted to the Dewan of Mysore for perusal and kind approval.

2. The new circus at the east gate of the Curzon Park has been completed, but the grounds inside the circus require to be laid out with the necessary flower-beds, &c. This is estimated to cost Rs 1,700

3. The bed of the storm water drain, which runs close to the circus on the north side, is now full of slush and emits an offensive odour. It is proposed to provide stone flooring to the drain at a cost of Rs 2,974.

4 The Chairman of the Mysore City Improvement Trust Board will include these charges in the revised estimate for the circus.

5. It is also proposed to put in crescent shaped flower-beds round the Statue Square at a cost of Rs 1,507.

The above works seem to have been proposed under instructions from the Huzur Secretary and they have to be taken in hand immediately.

6. particulars together with a sketch have been called for regarding the proposal to lower the Doddakere bund. It is why this work is not at present included in this note.

7.

7. The favour of your sanction is solicited to permit the Chairman to undertake these works, pending formal sanction to the estimates.

1/

Letter No.655 dated the 1st December 1913 from the Chairman of the Board of Trustees, Mysore City Improvement to the Chief Engineer of Mysore.

In enclosing herewith a copy of resolution No.XV dated the 24th September 1913 of the Board of Trustees for the Improvement of the City of Mysore together with an estimate and plans amounting to Rs 1,340 (in duplicate) for the treatment of triangular pluts around the Statue Square, I have the honour to state that sanction of Government was conveyed with your No.1010/5753 dated the 12th August 1913 for the work being put in hand at once pending formal sanction to the estimate therefor and that the cost of this work be borne by the Municipality.

The work was accordingly arranged to be completed before His Excellency the Viceroy's visit to Mysore as being urgent.

The President, City Municipal Council, Mysore, communicates in his No.376 dated the 13th October 1913, that the Municipal Council was unable to bear the charges, copy of which is herein enclosed for reference.

Under these circumstances, I request that sanction of Government may kindly be obtained and the same communicated to me at an early date.

The cost of the estimate will be met by reappropriatio of funds which in due course will be submitted to Government for sanction.

Sir,

Referring to the formation of triangular plots round the Statue Square at Mysore at an outlay of Rs 13405- and the Mysore City Mumb. Council's Resolution dated the 27th Sept 1913 expressing their inability to bear the Charge, I am directed over to

SUBJECT

4/5

to state that the work does not appear to form part of the Comprehensive programme of improvement works of the Trust Board and is, besides, useful chiefly as beautifying the City - an object purpose quite outside the scope of operations of the Trust Board under the Regulation. The Mysore City Municipal Council has, on the other hand, a substantial balance at their credit and the assignment of the surcharge and Registration fees on wreck ships recently ordered by Govt will appreciably increase that balance. The ceremonial Council have also been very liberally treated, in accordance with List of enclosures, the Trust Board has been entrusted by Govt with the most costly portion of the Municipal Council's duties and is generously financed by them. In such circumstances, the refusal to bear the cost of beautifying the Statue Square comes with bad grace from a body so favourably

N. is further learnt that the above triangular plots have been handed over to the Copied by Examined by for maintenance & as for any outlay on these improvements would be a legitimate debitable to the municipality

Memo Fin Genl 50-13
8146

1. From the records in the file, it may be observed that the formation of triangular plots around the statue square for Rs.1507/- was first proposed by the Trust Board to the Chief Engineer who in his No.1010-6753 dated 12th August 1913 required the City Municipali-ty to take up this work The question was brought up before the Council meeting on 27th September 1913 and the Council pleaded their inability to undertake the work.

2. It may, however, be pointed out in reply to Government - letter No.11046/M1 50-13-31 dated 5th May 1914 that the above - work did not find a place in the proposed list of works submitted with the Budget for 1913-14 nor did the Council think the above work necessary in preference to others. The work of the - Municipal Council is confined only to works of utility to the - ratepayers such as ordinary maintenance of roads & c., and it is not in a position to pay for beautifying the same. The Council are of opinion that the cost of all works of the nature of improvements be borne by the Trust Board.

3. Government lay stress upon the existence of a substantial balance at the credit of the Municipality, but as the Municipal Council have proposed the utilisation of a portion of this balance towards the discharge of debt outstanding against them from the - Government (Vide letter No 187 dated 19th April 1914) and have - also proposed extra expenditure under the heads Education, Public Health and Public Works, which are where absolutely necessary, to be incurred during the next official year, the surplus will all but vanish. The surcharge and Regulation fees on arrack shops, assigned to the Council will be wholly utilized for education and cannot be made available to meet charges of the kind in question.

4. The triangular plots will no doubt be maintained by

the

22

the Municipality in future, the cost of original work may be borne by the Trust Board as hithertofore. The matter may be placed before Council.

I Lakshmanaka.

President.

4. Rev. M.Gulliford.,

VII. Letter No 11046/M1 50-13-31, dated 5th May 1914, from the Secretary to Government , General and Revenue Departments, - enquiring whether the Municipal Council is prepared to reconsider its resolution dated 27th September 1913, and accept the outlay of Rs 1,340/- in connection with the formation of triangular plots round the Statue Square at Mysore, etc , and the Vice-President's memo thereon.

Resolved that even after careful reconsideration, the Municipality is unable to meet the charge in question and the President will explain the reasons.
